## The Officer's Daily Log

### Meet Cruise Director Lisa Ball

Lisa attended the Melody Urquhart Master School of Dancing and performance and began her career as an entertainer performing in holiday resorts in the UK. To her delight, her performance career took her to Greece, Cyprus, Egypt, Hong Kong, Japan, Malta and Portugal. She also completed several successful contracts in the UK working for a touring pantomime company where she played the role of Principal Boy and took on the responsibility of Company Manager. Her first opportunity to work on a Cruise Ship arose in 1991 where she performed on Princessa Marissa for Louis Cruise Lines. Lisa fell in love with ship life and continued to work constantly on ships, joining Princess in 2001. She was delighted to be a part of the entertainment team for the inaugural seasons of Crown, Emerald and Ruby Princess. She happily accepted her first opportunity to be a Cruise Director in 2007 on Emerald Princess.

### By Cruise Director Lisa Ball

I like to think I've got one of the greatest jobs on board Royal Princess®. Fun is my personal responsibility. And helping you have more of it is what I do all day.

You'll find plenty of things to do in the picturesque Irish city of Cork. Many visitors aspire to kiss the lucky Blarney Stone at Blarney Castle. Killarney National Park is terrific choice for the best views ashore, where mountains, lush greenery and azure waters await.

When you're ready to dive into our onboard activities, you'll find a variety of enriching and entertaining options to suit your every mood. Indulge in an exquisite spa treatment at the Lotus Spa®. Learn something new by participating in a wide range of popular enrichment courses. You can even gaze at the incredible works of art in our Art Gallery, and bid on them later at our onboard auctions!

I'd also like to call your attention to the activities that make our ship one of the most entertaining spots in the British Isles. Throughout our voyage, the Piazza is alive with the excitement of music, street performers and other attractions. Cinema fans can thrill to Movies Under the Stars®, including tonight's feature, *Interstellar*. Be sure to stay and watch the poolside Princess® WaterColor Fantasy! If you love the stage, Variety Act Alan Kavanagh is appearing in the Princess Theater, and our Princess Pop Star competition can put you in the spotlight yourself. Be sure to check the Patter and tune into The Wake Show in the morning, or use your smartphone and our new free Princess@Sea mobile intranet to get the latest on all our planned activities.

### From the Navigator

For today arrival in Cobh we will pick up our local pilot and proceed in the channel towards our berth. On the way in we will leave Roches Point on our starboard side and Harbour Rock on our portside, then we will pass Spikeland on our port side and Corkebeg Island on the starboard as we approach Cobh Cruise Terminal. In the evening with all on board we will thrust off the pier and navigate into the channel on a reciprocal track. When the pilot will be disembarked Royal Princess will resume her passage towards the our next port of call Dublin.

### Weather Forecast & Ships Position via on demand TV

If you would like to view the weather forecast for our upcoming ports of call or see our navigational progress, using your remote control please scroll to the left (or right) and select 'Info' from the top 'Home' menu bar options from your On Demand stateroom TV. Select 'Info' then choose 'Weather' or 'Ship Location'.

### 5:30pm All Aboard!

Royal Princess sails for Dublin shortly thereafter.

### Cobh

A small town located about 20 minutes from Cork. There is no transportation required to reach Cobh as the ship is located just a short walk from the town center. There is a train station located on the pier and trains can be taken from there into Cork. Limited amount of taxis are also available on the pier.

Whatever your plans are, we wish you a wonderful day in Cobh & Cork!

### Shore Excursions: Tour office hours: 5:00pm-7:00pm – Deck 5 Midship

Experience the best with Princess®. Make the most of your vacation and be sure to experience all the amazing landmarks, breathtaking scenery and colourful cultures on a shore excursion with Princess®.

Tour Staff are available in the Princess Theater, Deck 7 forward this morning and ashore on the pier this afternoon during tour dispatch, to check on any last minute availability for today.

Going on Tour - Please present your tour ticket at your meeting time & location. Please do not arrive ahead of the indicated time in order to avoid additional congestion and longer waiting periods.

Those wishing to travel together should meet together, to be allocated space in the same transportation.

Afternoon tours, meeting directly ashore on the pier, often use transportation from earlier departures and therefore will only be in position for loading at the specified time.

The staging area is not sheltered, nor is seating available, and these factors in addition to the weather conditions should be carefully considered before arriving far earlier than scheduled.

Cancellations or exchanges for Liverpool close at 6:00pm this evening.

### Ship's Security Notice

In order to prevent unauthorized persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government issued picture ID with you before leaving the ship, as you may be required to show this at security checkpoints upon your return. Be aware that we have established a secure area around the vessel and our security procedures require that you must be prepared to show your cruise card when entering this area, in addition to showing it to the security staff at the gangway when leaving or boarding the ship. We kindly ask you not to accept and bring on board any parcels or packages from strangers. Before boarding the ship, you may also be asked by our Security Staff to open parcels or handbags which you are carrying. We are sure that you will appreciate that this security is in the best interest of all concerned.

### Security Screening

All passengers returning to the ship must pass through security screening. Objects containing metal such as mobile phones, cameras, binoculars, reading glass cases, large belt buckles, batteries, electrical devices, etc. will cause the walk through metal detector to alarm and delay entry onto the ship. Such items need to be placed into the trays provided before you pass through the metal detector. Passengers with, for example, surgical metal implants, large amounts of metal jewelry, metal shoe stays, etc. may need to undergo further screening, e.g. hand-held metal detector or "Pat Search."
